TRINITI

Three rings of light are almost entangled but still separated from each other. This hanging lamp lives up to its name. Triniti represents the holy trinity. Hang the rings for the installation at the desired height (minimum 60 and maximum 135 centimetres from the ceiling). Thanks to the fine connecting cables between the mounting plate and the light sources themselves, the light beams seem to float above your table. After connecting to a dimmer, you determine the brightness of the integrated LEDs yourself.

TALOWE LED

Like a UFO that brings warm white light with it. This Talowe LED is a hanging lamp with a unique shape and a great many bonuses. Hanging on three stylish cords, it creates a beautiful balance. The circular light element is equipped with an integrated LED light that, if you like, is easy to connect to an external dimmer. The flying saucer is stylish lighting in any living room. Above the coffee table, above the dining table or as a welcoming light in the entryway: Talowe LED is right at home. This sturdy hanging lamp is worth seeing: both in dimensions and in performance.

VIDAL

An unobtrusive ceiling lamp that still stands out? Vidal is the name. This circular ceiling light is the pinnacle of an intense glow without being overdone. With its opal light surface encased in a brass ring, Vidal is a beautiful phenomenon both on and off. The ceiling lamp par excellence for the hallway, at the washbasin in the guest WC or above your chest of drawers. Vidal is 28 centimetres long and wide and 6 centimetres tall. With an external dimmer, you can easily control the light comfort for the ideal atmosphere.

VIDAL

You don't just walk past this ceiling lamp. Nevertheless, Vidal remains an elegant lamp with subtle light due to its milky white version and brass ring. The lamp works well in a playful interior with warm accents. Its fixture has a diameter of 48 centimetres, and it is 6 centimetres tall. You can effortlessly play with the brightness by means of an external dimmer. This makes Vidal a versatile ceiling lamp that you can install in your kitchen, dining room or bedroom. On or off, Vidal gives extra cachet to the room.

MARGARY

Third time's a charm. Because with its three pendants, Margary hanging lamp does exactly what it needs to do: create atmosphere and amaze everyone with its sophisticated design. With an eye for surprising technological capabilities as well. Take a look at the separate pendants in detail. The aluminium rod opens into an integrated LED bulb. That bulb spreads its warm white light neatly downwards. Slightly higher, an aluminium cylinder seems to float around the rod. This optical illusion is enhanced by the second integrated LED bulb between the two cylinders. Inside, the smallest cylinder seems to glow. That glow enhances the unique atmosphere Margary brings into your home. Each pendant is individually adjustable in height. You hang them 50 to 169 centimetres high. All at the same level or in a playful dialogue. You choose.

ANSELMO

Anselmo is a desk lamp that brightens up your office or study room with its subtle presence. Just below the round lampshade is where you find the integrated LED-lightsource. It radiates warm white light, perfect for studying or working. This lightsource is dimmable and can be twisted. You can adjust Anselmo in height, too, from 24 to 50 centimeters, by simply placing the armature higher or lower. The light has an integrated button for switching it on and off.

BARRIS

Barris sets you to dreaming of cosy summer evenings on the terrace around a fire basket. With this table lamp, you bring those warm moments indoors, even on the harshest autumn or winter days. Its playful and somewhat retro design is formed by high-quality fumé glass and steel. Due to the oval lampshade, the light source is clearly visible, and this table lamp radiates an extremely fine atmosphere. You turn the lamp on and off with the switch on the cord. Cosy moments? They start with Barris.

LORENZ

Still looking for a modern and minimalist chandelier for over the dining table? Look no further: Lorenz has it all. Four tubes made of high-end aluminim descend from the mounting plate of this ceiling light. The cords are covered in a layer of fabric. This adds warmth to the aluminium design. The LEDs are integrated. After connecting it to a dimmer, you can control the mood of your new light. The LEDs give sufficient atmospheric light for any occasion. A nice bonus: Lorens is adjustable in height, from 60 to 180 centimetres. This allows you to fit it perfectly into your interior.

TUBULE

Three modern pendants that look incredibly fun and luxurious. Tubule is a hanging lamp for those who love refined materials and sleek designs. Because the cylindrical lampshades with integrated light bulbs are so subtly designed that they are hardly more than a thickening of the adjustable cables. Tubule does everything to integrate perfectly into the room. Warm white light comes from the three light points along both sides.

EVORA

Call your friends over for an impromptu dinner party because this pendant light is begging to be admired at a crowded dining table. Evora's 5 pendants each have a modest diameter of 10 centimetres, but together they form a pendant light that will add a touch of class to your dining room. The high-quality matt metal and fabric cord are a match made in heaven. You can adjust the cord to a maximum length of 150 centimetres, while an external dimmer allows you to set the mood just the way you like it.

FIX

A combination of natural wood and a Scandinavian design. This contemporary wall lamp provides beautiful lighting in your modern interior. The wooden base is easy to install on the wall - at any height - and the long cord for the light bulb allows you to adjust the height of the light afterwards. This wall lamp is ready to use with an LED light bulb for extra energy efficiency. The switch is on the cord. Tip: the wall lamp combines very nicely with an LED filament lamp.

FIX

A pendant lamp does not always have to be precisely orchestrated. Fix Multiple brings seven light points together in a loose atmosphere. They dangle at different heights on the minimal mounting plate. Honest and pure, without fantasies. Each lamp is suspended on its plastic cord with a simple metal attachment. The last light point hangs at 130 centimetres. That makes Fix Multiple ideal for hanging above your dining table or coffee table. Tip: combine the lighting with filament bulbs for an extra dynamic.

GILLY

Gilly is a decorative and especially very functional desk lamp. You determine the angle of the black metal arm yourself. The minimum height is 28 centimetres, the maximum height amounts to 49 centimetres. This desk lamp spreads a bright light thanks to the integrated LED lighting. You can thus concentrate optimally on reading, studying or working. Gilly balances beautifully on a small, round black base. This desk illumination fits beautifully into modern environments, both at home and at the office.

GILLY

A desk lamp must be functional. With Gilly, we add a dimension to that. We do this by combining sleek, timeless design with some traditional features. You can thus tilt and adjust the height of the lamp via a flexible arm. The LED light source is integrated and burns for up to 10 hours. You can easily charge it via the provided charging cable with plug. That also gives Gilly autonomy. This sturdy metal desk lamp is equipped with our Dim function, ideal for late work or study hours.

MENNO

Menno is more than just a standard floor lamp. Made from high-quality MDF, its frame doubles as an elegant shelf to display books, decorations or your most prized houseplants. At approximately 162 centimetres tall, it provides plenty of space for your treasured items. Finished with a cotton lampshade, Menno casts a soft, ambient glow. With its triangular design, Menno is ideal for brightening up those dark corners in your home. The lamp is easy to use thanks to its practical, nostalgic pull switch.

SUZY

Wake up little Suzy. Wouldn't that be something? To be able to simply turn this table light on by singing it songs? Suzy is only 16 centimeters tall and has a diameter of 12 centimeters, but she holds her ground. Produced from black, high-end metal and with an inside in matt gold, it radiates nothing but atmosphere. This gets reflected on the surface you place it on. This applies to both this round version, as well as the square model. Combine Suzy with the right LED-lightsource and switch this table light on and off with the switch incorporated in the cord.

KNULLE

Combine cosy and comedy, and you have Knulle. This little table lamp stands out in its simplicity. The design is as simple as it is progressive. The base is asymmetrical and gives the lamp a surprising appearance. Above, there is just enough space to spread a beautiful glow. Below, the lamp shines warmly and spontaneously. The Knulle is barely 28 centimetres in size and therefore fits in any corner of your room. On your side table or coffee table, but also on your dining table. It even works outstandingly as a night lamp in a modern bedroom.

TURBIN

With the grace of a revolving princess in her best ball gown, the aluminium slats wave around the integrated LED lighting of Turbin. The cute table lamp is a modern cylinder of barely 10 centimetres wide, long and high. The integrated LED light spreads the light all around, through the chinks in the aluminium casing. Completely in line with its compact size, the table lamp is easy to install: just plug the cord into the socket and switch Turbin on or off with the button on the lamp.

GOOSY SOFT

Goosy Soft. The name of this unique pendant light speaks for itself. Goosy Soft is a combination of cotton and soft feathers. As a pendant lamp in an artistic interior or as ambience in a children's room: the soft character of Goosy Soft bears fruit in multiple rooms. The pendant lamp welcomes LED lighting and is also compatible with a dimmer. Do you have a low or a high ceiling? That does not matter. The long cord of Goosy Soft is easily adjustable in height.

SIEMON

Siemon combines a hint of retro with a touch of modern. Two top ingredients for a successful ceiling lamp in your hall, living room or kitchen. This ceiling lamp is made of high-quality steel, has a diameter of 25 centimetres and weighs only 800 grams. Because of its design, Siemon looks adorable and modern at the same time. In the middle of the semi-circular lampshade, you will find a round disc that clamps itself above the light bulb. This way the light is reflected perfectly along the walls of the lampshade. Connect this lamp to a dimmer for an optimal atmosphere.

POLA

A nifty wall lamp is indispensable in the modern nursery. This not only serves as a night light for the youngest children but also as a reading lamp or fun, decorative element for the somewhat older children. Pola has the unique properties of a colourful, timeless design, compact dimensions and high-quality materials. You simply attach Pola to the wall, insert the plug in the power outlet and press the switch in the cord. You can make the cable to which the light source is attached as long or as short as you want by turning it playfully around the light fixture.

RAFAL

Rafal adds a touch of mystery to your living room, hallway, or bedroom with its felt texture. This vintage-inspired design is anything but ordinary: the multiple bands across the lamp create an interplay of light and shadow, adding interest to a dark corner of your room. Rafal has a compact design with a diameter of 20 centimetres. You can adjust the height of the lamp up to a length of 183 centimetres, and it can even be connected to an external dimmer. Are you ready to create the atmosphere you want?

SPENCER

Like delicate flower buds opening in the early spring sun, Spencer elegantly adorns your ceiling. Crafted from high-quality felt, this decorative ceiling light will brighten up your entire room. A touch of retro meets natural elegance to create a surprising focal point. With a diameter of 30 centimetres, the ceiling light is easily mounted to the ceiling using the steel plate. It can be easily connected to a dimmer, which allows you to adjust the intensity of the light at any time. Its warm, soft glow creates a cheerful and luminous pattern. You'll never get tired of Spencer, we promise.

TONDO

The Tondo table lamp strikes the perfect balance between classic design and modern elegance. The velvet lampshade resembles a graceful cylinder, with no unnecessary frills to distract from its essence. At the centre, the light source casts a warm glow of diffused light. The light source rests on a sturdy metal base with a minimalist tripod. With a height of 48 centimetres, this table lamp can be set up in many places and will attract people's attention. You can easily turn Tondo on and off with the switch on the cord.

FLORIEN

A play of light reflection and glass with different shades of colour: these are the success ingredients of Florien. You can almost see the current flowing through the winding cord, from the attachment point to the light point. The lamp is encased by a glass oval structure. The metal attachments enhance the luxurious appearance of Florien. The pendent lamp is adjustable in height. You simply connect it to a dimmer to set the atmosphere in your living space.

SOUFIAN

A twisting cord and seductive curves: this pendant lamp is elegant, to say the least. She is called Soufiane. The lampshade is made from high-grade glass and is adjustable in height. It's a modern style element that always gets noticed by your visitors. Connect your pendant lamp to a dimmer switch (not included) and determine the atmosphere in your living room, bedroom, kitchen or office by just rotating the knob. Soufian is available in many different colours.

JUDI

Hey Judi. Just like the famous Beatles song this eponymous flush ceiling light is an instant hit. With a lamp shade made of smoked glass, Judi brings a sense of luxury into your home. Choose a filament bulb and you will maximally enjoy its stylish appearance. The round lamp shade is made out of real glass, and you can definitely see this. Judi brings every modern interior to a higher level, whether this is your living room, kitchen or office. When connected to a dimmer (not included) you are in control of the light intensity. In short: the buttons for ambience in your home are right in your hand.

PEARL

The literally and figuratively glittering ceiling lamp Pearl from Lucide, with its mouth-blown glass cover of Ø 40cm, is really artisanally made. The shade can best be described as being made of semi-transparent smoked glass. Due to this combination of reflection and transparency, the Pearl has a very luxurious and warm appearance. The Lucide Pearl ceiling lamp is perfectly suited for use in both rural and modern interiors.

JOANET

The elegance of a spiral staircase and the luxurious look of a crystal chandelier. The Joanet pendant light brings this together in lighting with a graceful design. With their varying sizes at different heights, the five lamps create a fascinating play of light. The light points - preferably with a filament lamp - are covered with a shade of real, high-quality glass. For a stylish and modern look. You can also easily connect Joanet to a dimmer, so that you have your fingers on the mood button at any time.

ORLANDO

Orlando is the perfect image of elegance and style. The black smoked glass almost wraps the room in a mysterious atmosphere. Especially if you combine Orlando with the right LED light: a tubular filament light with smoked glass. Perfect for setting the right tone in every room. Especially when you connect this pendant light to a compatible dimmer. Let Orlando fully come into its own in the room by hanging it at the right height. This can vary between 120 to 170 centimeters. It is most comfortable in a modern interior, but brings mood and cosiness to a more rustic environment just as well.

ZINO

Zino, a simple name for a seemingly simple design. But don't be fooled. Zino has more secrets than it seems to have at first sight. The aluminium part of the lampshade was always given a warm colour. The glass beneath it is coloured complementary for extra charisma. Especially when you combine Zino with the right filament bulb. You can adjust this chandelier in height, up to 153 centimeters. In addition, you can easily connect Zino to a dimmer. Combine multiple copies for a beautiful overall picture.

BECKY

As an unfinished soap bubble, table lamp Becky crawls out of her matt base. The smoked glass refers to the shape of a traditional lamp, while simultaneously clearly flirting with other shapes. Becky is a mixture between a sphere, a cut-off cone and a trapezoid. The light is spread diffusely and is naturally dimmed by the smoked glass. The result is a glow of warm white light, which adds to your interior both on a table or besides a decorative element.

ALARA

Six perfect bulbs of real glass and a gold coloured base. Alara is lighting with of luxurious character. The six light points are spread along the elegant bar made of high quality metal. They all choose there own direction. A subtle, metal bar connects the fixture with the glass bulbs. This connection flows over in a G4-fitting, exactly in the middle of every bulb, where the led spread there warm and white light (2700K). Due to the whimsical placement of the light points you can enjoy the soft glow in every corner in the room. Alara has a height of 120 centimetre and a diameter of 27 centimetre.

JULIUS

A vintage touch for your rural interior? Or an eye-catcher for your modern home? Pendant lamp Julius feels at home in both scenarios. Three balls of light descend on their textile cables from the elongated mounting plate. The glass balls are finished in a opal jacket. That is the secret element that gives Julius its special look. The balls of light are easily adjustable in height for the installation. You let them dangle from the ceiling for up to a metre and a half. Neatly in a row? Or why not each marching to their own drum? The sky is the limit, and Julius gives you all the tools needed to do your own thing.

MEDINE

With the Medine hanging lamp, you get a modern eye-catcher in your house. The light point is surrounded by a glass dome in smoked glass. That makes Medine extra classy. Thanks to the reflections of the glass, the lamp itself gets all the attention. That is why you opt for an optimal effect, preferably with a filament bulb. For the installation, you simply adjust the pendant to the desired height (from 50 to 156 centimetres) and simply connect it to a dimmer. Installation is done in 1, 2, 3 by screwing the mounting plate to the ceiling.

SUENO

Looking for a stylish table lamp that integrates perfectly into your interior? Sueno is the name. Made with high-quality, frosted glass on a brass base, it brings a touch of nostalgia into your home. The fine, round grooves in the glass complete the picture. Barely 13 centimetres wide, Sueno takes up the right amount of space on the dining table. It also looks great on a coffee table or shelf. You can easily turn Sueno on and off with the switch on the cord.

JANY

Even with its compact dimensions, the Jany table lamp holds its own anywhere. Its shapes are reminiscent of a pouffe where you can settle down - cosiness: check! - while the combination of glass and metal create a retro look. The metal base is a completely smooth cylinder. The glass envelope around the light point is anything but flat. The glass has been developed into a ribbed, spherical shape. The swell in the glass gives the light a dynamic character. With benefits for every interior.

FUNGO

Small, nice and cozy. Sometimes light should not be more. Fungo fulfills all these aspects. Go for the transparent version and add some retro to your interior, or choose the opaque version for extra intimacy. Fungo is versatile and will happily accompany your reading books on the book shelves, your flowers on the chest of drawers, or your children in the bedroom. Be a little careful because this table lamp of 28 centimeters high is made of high-quality glass. Turn Fungo on with the switch on the cord and enjoy your little friend at home.

MIKAELA

An elegant pendant lamp that you cannot ignore. That's the best way to describe Mikaela. This pendant lamp has 2 light bulbs, each surrounded by a spherical, openwork metal shade. The filament bulb shows itself well and pushes its light playfully through the thin bars. Mikaela is your ideal companion at the table, during a nice dinner or a good conversation. Dim its light with an external dimmer for the ideal mood and adjust its height as desired. Mikaela stretches up to 190 centimetres.

DANZA

A striking ceiling light deserves attention. So be sure to place Danza in a prominent position. Above the coffee table, on the kitchen island, in the entrance hall or in the guest toilet: this classic retro-look light fixture is extremely versatile. The spherical ceiling fixture frames the light source with fine, twisted metal wires. Thanks to its open structure, Danza looks beautiful paired with a filament light bulb. An external dimmer allows you to adjust the light intensity to suit your mood. This ceiling light measures 25 centimetres in diameter and 22.5 centimetres in height.

DIKRA

Made of high-quality metal, the semi-circular shade of the Dikra hanging lamp is modernly finished. The horizontal lines and the vertical curves intersect at three points. The construction thus forms a coherent whole that plenty of room for the play of light. The light points are adjustable in height and can easily be connected to a dimmer. Let Dikra shine on its own or hang it in company. Or choose the version with two or three light points.

REDA

Up close, from a distance or from worm's eye view: flush ceiling light Reda will show a different face in every space. Out of the compact mounting plate, metal braces form a round lamp shade around the central light point. The slim design of the metal makes the flush ceiling light a very welcomed guest in a modern interior, where minimalistic elements play a key part. Or will you surprise your guests by using Reda as a modern accent in your rustic interior? In any way, you will enjoy diffused light which you can control all by yourself when connecting it to a dimmer (not included).

WOLFRAM

Playful, sleek, busy, industrial. Wolfram has everything. The high-quality metal of this ceiling lamp reinforces the expressionistic design. The convex shape in turn creates a nice accent so that the light source comes into its own perfectly. Although Wolfram feels comfortable with everyone, we suggest matching it with a modern and industrial interior. This makes full use of its unique features. Connect this ceiling lighting to a dimmer and determine the atmosphere that Wolfram radiates yourself.

LIONEL

A ten for atmosphere and cosiness thanks to this pendant lamp. Lionel features an elegant and timeless design. That makes it an added value in any modern dining room or kitchen. The fine lampshade, with a diameter of 6.5 centimetres and a height of 34 centimetres, consists of black metal slats. Did we mention how stylish this pendant lamp is? All the more so because it can be fully adapted according to the space. Adjust Lionel in height from 50 to 180 centimetres and connect it to a dimmer. Combine with the appropriate tubular LED light bulb for optimal results.

MOYS

In everyday life, you occasionally need bright light in a specific place. A flashlight can help sometimes, but then you don't have your hands free. Moys combines flexibility and ease of use with functional light. This clamp lamp does exactly what the name says: with the clip at the bottom, you clamp the lamp on any edge or plate, like a tabletop, but also the back of a chair or bed frame. The lamp can also turn and tilt. So you not only put it in the right place in an instant, you also direct the light exactly where you need it.

TRICIA

A glowing orb in the sky ? or, at least, the ceiling. The Tricia ceiling light is a real star. The glass sphere with the light source at its core is mounted on a stylish metal disc. Like the moons of Saturn, this disc reflects Tricia's diffused light. The combination of high quality metal, real glass and a matt finish gives this ceiling light its modern look. You can also easily connect the lamp to a dimmer, allowing you to control the mood in any room at any time.

COCONUT

Combine a functional table lamp with a playful, extravagant interior accent? Extravaganza Coconut does that for you. An exotic scene plays out under the classic-looking cotton lampshade. Two chimpanzees climb up a palm tree. One eagerly picks coconuts while the other, smaller monkey watches approvingly. The crown of the tree is additionally illuminated by the lamp, which spreads its light diffusely. The plastic lamp is half a metre high and is compatible with an LED bulb. You can easily switch the light on and off with the switch on the cord. Enjoy the spectacle and the new eye-catcher in your interior.

GUST

Hats off for this likeable table lamp. Like a accomplished young man, Extravaganza Gust brings a touch of humour to your living room, bedroom or desk. In a stylish way as well. The plastic gorilla - don't hesitate to call it Gust - reaches up with his left hand to tip his hat. Not just a hat. The bulb is hidden inside the hat. The open top gives the light free play upwards, just as the space between the head of the gorilla and the hat itself spreads the rays of light downwards. Switch this extravagant lamp on with the switch on the cord and relax. Gorilla Gust is already setting a good example.

SIR WINSTON

A tough bulldog with a high cuteness factor as a basis for a retro table lamp. Extravaganza Sir Winston effortlessly combines class and kitsch. The depiction of the bulldog is made of high-quality porcelain. A fine runner comes out of its head. At the top of that rod: the light point. It is surrounded by a linen lampshade. This cylinder ensures a diffuse spread of the light. Ideal for creating a cosy atmosphere. Sir Winston measures 31.5 centimetres from his paws to the crown of the lampshade. Compact company that feels right at home everywhere in the house.

LIVRET

Like a book reveals its story page after page, Extravaganza Livret spreads its light beams. And that may be taken literally. The design has the form of a book. The cover is made of high-quality metal, as are the pages. The latter are metal plates, which are perforated. This creates movement in the scattered light. At the same time, this 'transparency' ensures that there is no solid shape on the table, but an airy lamp with decorative added value. This compact table lamp is suitable for an LED bulb. Turn Extravaganza Livret on or off? That's easy, with the switch on the cord.

TUSSE

Pendant lights of natural or simple materials are ever popular with young and old, both in a modern and classic interior. This Extravaganza Tusse chandelier is made of high-end linen and lends a golden touch to your interior. On the other hand, its round shape adds a retro touch. This elegant light has one light source surrounded by a linen lamp shade. The cord is neatly tucked away and the light is easily adjusted in height, from 50 to 152.5 centimetres. Give your room even more cachet by connecting Tusse to a dimmer.

FRIZZLE

In the Extravaganza collection, we like to add a pinch of boudoir to a healthy portion of retro. The cheerful colours of the Frizzle table lamps are the ultimate retro accent for any room. From your hallway to your bedroom or living room. Frizzle not only looks playful, it also has a lot of stylish features. These are shaped by the materials used, in turn a play between high-quality metals and fabrics. A satin ribbon around the fabric lampshade finishes it off. Like a package with a nice bow around it. This fine table lamp can be switched on and off easily via the switch in the cord.

VELVET

Looking for an elegant table lamp that catches every glance with its unique design? Your prayers have been answered. Meet Extravaganza Velvet, one of the surprising lamps that are happy to go a step further with their design. The contemporary, cylindrical lampshade rests on a unique base. The shape is reminiscent of a vase. But what really makes it special are the choice of materials and the design. The woven pattern of the metal cover comes to life when you turn Extravaganza Velvet on. From above, the diffuse glow creates a dialogue between light and shadow. As if light shines from within the lamp base. This optical illusion is guaranteed to surprise every visitor.

CINTRA

The Cintra pendant light is a striking feature. The high-quality acrylic with its characteristic grooves creates the impression of a crystal ball. You can choose where to hang the lampshade by adjusting the length of the cord. Cintra boldly takes centre stage in your home. The warm white light radiates outwards to bring the ultimate level of homeliness to your bedroom, lounge or dining room. The brass detailing adds a touch of style to this pendant light. The built-in LED light is easy to connect to a wall switch. Make a statement with Cintra.

ERYN

A shiny dish with three illuminated cylinders. The shiny chrome finish dresses flush ceiling light Eryn in a classic suit. The ceiling light of high-end metal is attached to the ceiling semi-invisible and is easily connected to a wall switch. You have full control over it if you choose to connect it with a dimmer. Its three light sources neatly spread the light downward. The grooved ridges of the light cylinders add an atmospheric glow on top.

ERYN

Table lamp Erin brings a quirky rock 'n roll side into your home. The design is reminiscent of the vintage microphones from the days of Elvis. The finish in real glass and the diffuse spread of light give Erin a luxurious appearance. The compact modern design - Erin is 28 centimetres wide - fits easily on the table or cupboard. The installation is simple: you put the plug in the socket and switch Erin on or off with the switch on the cord.

MONSARAZ

Back to basics with pure, fine materials. The Monsaraz pendant lamp is really something to behold. The filament bulb drops down from the small, round mounting plate to reach up to 161 centimetres. Prefer your pendant a little shorter? No problem. You can easily adjust the length yourself to a minimum of 70 centimetres before installing Monsaraz on the ceiling. The pendant has a luxurious retro look thanks to the glass sphere that stylishly surrounds the bulb. With a diameter of 25 centimetres, Monsaraz has a clear presence without demanding all the attention.

TOLEDO

Toledo radiates nothing but warmth, just like the authentic Spanish city that this pendant light is named after. The combination of amber-coloured glass and copper perfectly lends itself for this design. This chandelier is a tad vintage, but also fits modern and rustic settings. The copper part of the lampshade was given a subtle wood motive, which adds softness to the entire feel. Hang this light at the right height thanks to the adjustable cord and connect it to a dimmer for the perfect result.

TIMON

A stylish, rural table lamp actually fits in any interior. And with its sophisticated combination of materials, Timon may be a forerunner in that. Its secret? The combination of opal glass and high-quality steel into a functional whole. In addition, Timon has a 3-step dimming function that allows you to control the brightness of the light perfectly according to the desired atmosphere. And all that via a nicely integrated touch-dim button in the base of the lamp. You can switch Timon on and off with the same button.

TOUCH

TOUCH ME! After the Touch, Lucide has now released the Touch two. This table lamp is not only very nice but also very practical. It is namely equipped with a 'touch dimmer'. By touching the base with your finger, the lamp will light up, and by repeating this procedure, you can dim it back to your desired position. It is very handy to have next to the bed, but certainly also in other rooms of your home. Due to the balanced design, this beautiful table lamp fits either into a modern interior and one with a more classic design.

OPHELIA

A timeless pendant lamp with presence. Ophelia is a contemporary fixture that feels at home in many interiors. Whether you hang it above your dining table, coffee table or work table, you can adjust the brightness yourself with an external dimmer. With its circular fixture made of high-quality concrete, Ophelia combines a certain playfulness with seriousness. The end of the lamp is elaborated with vertical grooves for an optical effect. This lamp is adjustable in height between 50 and 150 centimetres and has a diameter of 20 centimetres.

MIRASOL

Mirasol means ‘sunflower’ in Spanish. And that name choice is no coincidence. This table lamp exudes the warmth and cosiness of Spanish villages during the golden hour, when the sun is setting. The brass lampshade reflects the light and gives off a warm glow. The marble base adds a certain degree of class. With a height of 36 centimetres, Mirasol is at home in any living room. And what’s more: with the built-in dimmer in the cable you can control exactly how bright you want Mirasol to be.

GOSSE

A retro ceiling lamp that instantly brings that touch of nostalgia and class to your home. This is Gosse. The light bulb has a high-quality porcelain jacket. An elegant cylinder with fine vertical lines from top to bottom. With a diameter of just under 20 centimetres and about 24 centimetres tall, Gosse does not take up unnecessary space. Ideal for a cosy corner or a small hall. Connect Gosse to a dimmer, and you have the right amount of light at any time.

FLORES

Surprise your family and guests with this original lamp that looks like a luxurious vase. Flores exudes simplicity and elegance. The elongated shape of this porcelain table lamp will make a graceful appearance whether it's on your coffee table, dresser or side table. Simply turn Flores on with the switch on the cord, and it will almost seem as if the lamp is putting on a colourful dress. The delicate round openings in the body allow light to playfully spill out. Flores is approximately 24 centimetres high and 14 centimetres wide and can be fitted with an LED light bulb.

MAGIUS

Natural materials such as wood bring home warmth into the interior. Ceiling lamp Magius understands that. The lampshade, with a diameter of 42 centimetres, is completely filled with rattan. The fine slats fit perfectly together. The wood is natural and minimally post-treated, for maximum class. The light point in the middle is compatible with an LED bulb and easy to connect to a dimmer. The exquisite design - without frills - and the natural materials and colours make Magius a popular addition to Scandinavian interiors.

CONA

Durable, pure, functional and authentic. This is, in a nutshell, what modern Scandinavian design stands for. These qualities are united in the beautiful Cona table lamp from Lucide. Despite the fact that the Cona exudes simplicity, there are very nice details worked into this armature lamp. Take, for example, the wood motif steel rod that extends in a beautiful curve from the shade over the horizontal surface of the oval-shaped base. The fairly large white metal shade with a Ø 14 cm gives a pleasant light. In addition, the shade is fitted with a knee joint, making it easy to rotate and direct. The Cona is available as a table and floor lamp.

BASKETT

Catching light in a fixture is that even possible? Baskett is not easy to get. The transparent outer shell in a grid allows the light source to come into its own. The mix of steel and wood give Baskett a contemporary look. This wall light immerses the hallway in a warm glow that projects the light playfully onto the walls. Baskett also feels at home in the bedroom or bathroom. Especially after connecting to a dimmer, you can transform the room into a cozy space.

VINTI

Decorative and yet minimalistic. The Vinti pendent lamp is surprising in shape and construction. The choice for black is an eye-catcher and also follows the modern-day interior design trends. Cosiness and natural materials are increasingly on the rise, and Vinti responds to that perfectly. With the pendent lamp in your bedroom, family room or entryway, you are not only up with the trends - you are a trendsetter. The open frame creates atmosphere and light. Vinti has a diameter of 30 centimetres and is adjustable in height for an ideal result.

MESH

Mesh is a powerful name for a striking pendant lamp. The light fixture immediately catches the eye through the metal mesh around the light point. From the small mounting plate, the lamp hangs 40 to 135 centimetres downwards. You determine the exact height yourself. The bulb - preferably an elongated filament bulb - remains visible through the mesh of the metal net. This ensures that the diffuse light spreads maximally through the entire space. Hanging lamp Mesh feels perfectly at home in a modern interior. Or it forms a modern wink in a more classic space.

RUBEN

This minimalist cube casts a warm glow in any room. Dark interior designs are the new trend. The ceiling lamp of 22 by 22 centimetres adds a sense of cosiness to such rooms. The brass fitting adds a slight retro feeling to the cosy atmosphere that Ruben - as this lamp is called - exudes. Combined with its modern and sleek design, this ceiling light is a great fit for almost any style. Simply connect it to a dimmer to create a romantic atmosphere. In addition, the light is easy to install with its slim ceiling plate. Good to know: an extra warm, white light bulb looks great!

RUBEN

From a rustic or industrial look to a Scandinavian home: this pendant light, named Ruben, is at home anywhere. It is a minimalist cube made of metal, with the light bulb in the centre, in a brass-coloured fitting. This allows the Ruben to immediately create the right atmosphere. With its 22 by 22 centimetre dimensions, this light is quite compact and looks great above a kitchen counter or dining table. With the height-adjustable cable, you can simply install it how high you want. Ruben is compatible with LED bulbs and can easily be connected to a dimmer. Install a filament bulb above your dining table, dim the light a little and create the perfect mood for a tête-à-tête.

SURTUS

The four light points of this hanging lamp, mounted between two steel plates, seem at first glance to be attached to the ceiling plate only by the textile cord. But nothing could be further from the truth. Two strong steel cables are the almost invisible carriers of the modern structure. The sleek design of the metal frame is an absolute added value for any contemporary design. The (filament) lights spread their light diffusely. This lamp, called Surtus, easily illuminates any room.

LORIN

Imagine yourself in the funky sixties or the roaring seventies with this retro table lamp. Lorin is his name. Its minimalistic design allows the materials - high-grade steel with a foot made from timeless marble - the space to shine. Combined with a filament bulb you will get the best from your new table companion. Switching on and off is done simply by using a switch on the cord. Lorin gives a nostalgic touch to your modern interior but he's also right at home in a rusty or industrial environment.

LESTER

Lighting that adapts to your wishes. All over again, every day. Hanging lamp Lester answers the ever louder demand for unbridled flexibility with a modern, playful and above all dynamic design. A total of 6 light points are grouped per 3, with just under a half metre between. Even if that gap is conditional for Lester. You fold the arms towards each other or away from each other as desired, so that the actual lights are closer to each other or further apart. Or you could just give them all different directions. Lester is made of high-quality metal.

MARIT

It's all in the details. That is also the case with Marit. The compact table lamp - barely 12 centimetres high - starts from a simple base. The thin foot climbs vertically upwards and ends in the fitting for the light source. What makes the table lamp extra special is the textile cord wrapped around the base. The retro line work on the textile cord immediately attracts attention. You also have the freedom to choose a light source yourself. A small tip: with a filament bulb, you get the best out of Marit.

CHIMNEY

Don't be misled by the name: this recessed spotlight, named Chimney, doesn't have anything to do with old, soot-filled chimneys. It is available with 1 or 2 light bulbs that can be directed and adjusted. The square design of high-quality aluminium lights up your industrial and modern home sufficiently. With the dim to warm lamps, Chimney truly deserves a spot in every room of the house. Together with its compatible dimmer, these light sources create the exact right colours, so the exact right atmosphere.

NIGEL

This is Nigel, a ceiling spotlight compatible with a GU10 dim to warm LED-lightsource. This source radiates light from 2200 to 3000k. A simple and timeless design with a cylindrical lampshade that lets the spot feel at home in all kinds of interior styles. Nigel is available in both black and white. And with all kinds of light sources. The white version was given a fun accent by giving the inside of the armature a black colour. The ceiling spotlight is made of aluminium and is 12 centimeters tall. Attach Nigel to your ceiling, connect it to a compatible dimmer, twist and turn the spotlight whichever way you want and enjoy.

DORIAN

Like an elegant, light arm, the light source of ceiling spotlight Dorian descends from the ceiling. The aluminium fixture is modern, playful and compact. A perfect fit for any type of interior. And very handy as well, because you can twist and turn the light source any way you want, exactly where you need the light. The spot is fitted with the dim-to-warm function. This means that you can adjust the colour temperature of the warm white light to fit your desired mood for your living spaces. Just make sure that the light is connected to a compatible dimmer. The light source with GU10 fitting is included. Simply mount it and it is ready to use.

SENSAS

Laurel & Hardy, Ben & Jerry, Bassie & Adriaan? The list of iconic duos is long. Add the Sensas ceiling spotlight to the list. The 2 light sources are inseparable, placed together on a compact rectangular mounting plate. But make no mistake: they are not just copies of each other. Their identical appearance is only skin-deep. In fact, you can operate both fixtures completely independently, directing 2 separate beams of light exactly where you want them. And we mean that quite literally. The light sources can not only be tilted, but also rotated a full 360°.

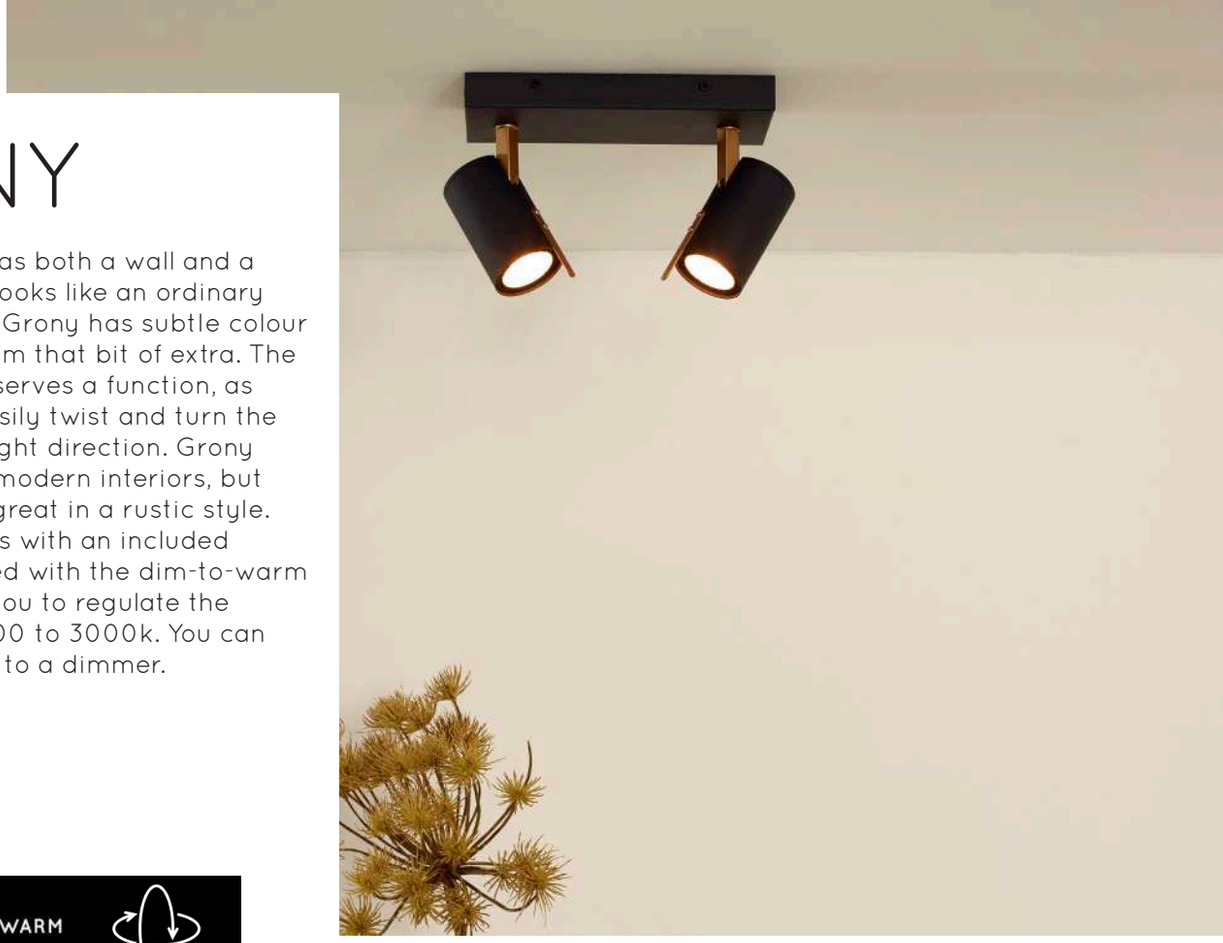
GRONY



Grony can be used as both a wall and a ceiling spotlight. It looks like an ordinary black spotlight, but Grony has subtle colour touches that give him that bit of extra. The golden mount also serves a function, as you can use it to easily twist and turn the lightsource in the right direction. Grony is most at home in modern interiors, but can also get along great in a rustic style. This spotlight comes with an included lightsource equipped with the dim-to-warm principle, allowing you to regulate the brightness from 2200 to 3000k. You can also connect Grony to a dimmer.

ALION

Are you looking for a ceiling spotlight that offers just a bit more? Then Alion is the ideal choice. This spot is 18 centimetres high, with a square, metal ceiling plate of 10 by 10 centimetres. The lampshade consists of fume glass in a rounded square that is located around the light bulb. This gives the classic design of Alion a modern touch. The ceiling lamp turns and tilts, and you can easily connect it to a dimmer. The perfect light where and when you need it? Alion is ready.

MADEE

Class and elegance brought together in a unique design, with a base of metal and a lampshade of glass. Madee, as this ceiling spotlight is called, feels right at home in any room. A living room, hall or kitchen? Even the smallest room is happy to house Madee. You can easily twist and turn the fixture depending on the precise place you need your light. Don't need so much light? You can easily connect Madee to a dimmer. And thanks to the mounting plate, you can quickly and easily mount the spotlight on the ceiling. The best thing is that you don't have to pick a standard spotlight: Madee is compatible with LED. So why not pick a filament lightbulb for that extra atmosphere factor?

NILA

Nila immediately catches your eye thanks to its special shape and the combination of black and brass. Made of high-end metal, this is a high-quality ceiling spotlight. The metal cage protects the glass lampshade. It looks vintage, making it perfect for rustic or modern interiors. Nila can also be placed in combination with more industrial elements. You twist and turn Nila to the place you need its light to shine. It does not fit a UG10 lightbulb, but it does have an E14 fitting. Go for an LED or a filament lightbulb and connect it to a dimmer to effortlessly set the right mood in your room.

MAREN

Anyone who says that a wall spotlight is basic clearly does not know Maren. This wall spotlight translates a classic base and dynamic metal grid into a surprisingly retro accent for your interior. Small in size, great in appearance. The light point is surrounded by a fine metal mesh construction. The lamp diffuses its light neatly through the spherical grid. Maren is rotatable and tiltable, so that you enjoy maximum flexibility for your daily lighting needs.

MIRAGE

For those who love timeless class and a touch of romance, Mirage is the perfect choice. This ceiling light wants to be seen and makes a powerful impression. Although the fixture with a diameter of 38 centimetres looks robust and stately, the ceiling light casts a soft, diffused light. Underneath all this grace, Mirage is soft and wonderfully warm, making you and your home shine. With its built-in dimmable LED bulb, you can easily adjust the brightness using a compatible dimmer. Fall in love with the beauty of Mirage.

OTIS

Ceiling light Otis apparently enjoys a simple design, but make no mistake. That is where its strength lies. You can effortlessly place this ceiling lamp in your living room, family room or storage room. Thanks to the integrated LED bulb, you instantly enjoy warm, white light. Without a high energy bill, since Otis consumes just 22 watts. That is very little for a ceiling lamp of 28 by 28 centimetres.

ATKIN

Modern, durable and multi-functional, you get more than just a wall light with Atkin. The wall light is perfect as bedside lamp, because its USB port even allows you to charge your phone at night. The wall plate, made of high-end steel, is easily attached to the wall. The light source is hidden subtly, yet strikingly clear. The warm white light fits any room. Thanks to its practical design, you can also use your lamp as a table for another accessory. You operate the lamp with the switch, which is subtly hidden in the edge of the fixture. Available in various colours.

BENTJER

Wall light Bentjer is for everyone who loves special effects. Thanks to the light sources on the side of the fixture. The light comes from the integrated LED that shows its full potential on the front. Perfect as night or reading light in a modern bedroom. Bentjer is available in a black and a white edition. You can twist and turn the light to perfectly shine the light exactly where you need it. With a diameter of 14 centimetres, Bentjer is not very big, but it fulfills its duty as wall light. Switch the light on and off by using the switch on the fixture. You can mount Bentjer directly on the wall, without extra cabling. Nice and easy.

BOXER

Wall lamp Boxer fits in completely. While you enjoy functional light, you can, for example, charge your smartphone via USB. You control the lighting via the switches. Yes, switches, because Boxer combines light from a spot with a cosy glow from the integrated LED. You use one at a time, or turn them both on simultaneously. The functional spot is adjustable and tiltable. That way, you always have light in the right place. The modern design is made in high-quality steel.

TURNON

Simplicity adorns, and sometimes it is small details that complete a design. That is the case for Turnon (get it?). We applied brass to the inside of the lampshade, which gives this wall lamp a colour accent. Sleek, especially in contrast to the black, high-quality aluminium. You simply turn and tilt this lamp to the correct position, and you can also easily connect Turnon to a dimmer. The included light bulb has the dim-to-warm function. Feel free to adjust the colour temperature. This is possible from 2200 to 3000K. Operate Turnon with the switch on the lamp.

EKLYPS LED

A cosy warm light on your ceiling or wall. That is Eklyps LED. This version is flexible: feel free to use it as a wall lamp or ceiling lamp. Eklyps LED is fairly small in size and creates a warm glow in your environment and on the wall. The lighting is hidden behind a sleekly finished metal disc. Once the light is turned on, the disc changes into a diffuse glow that creates warm accent lighting. The aluminium base of the wall lamp can be attached easily to the wall. The integrated LED lighting does the rest. Eklyps LED fits perfectly in modern interior architecture, and in pretty much any room. Add an extra touch to your dining room, the guest toilet, the foyer or your lounge: anything is possible, nothing is required.

XERA

Wall lamp Xera, with its size of 8 to 10 centimetres, is not the largest, but thanks to the unique design, it is nevertheless a eye catcher in any modern interior. The double light distribution in a cylindrical shape creates a unique effect on a brick, concrete or painted wall. With its black colour, Xera gives your living room, office or entry a subtle industrial touch. The inside of this bulb is gold-coloured, which creates an extra warm effect.

DEVI

The wall lamp Lucide Devi is a beautifully finished aluminium armature light. This wall lamp, often used by architects, best comes into its own on a lovely stucco wall or a tough, coarse masonry wall. This wall lamp namely provides a beautiful hourglass-shaped beam. With a back plate of 10,5cm x 8cm, the Devi is easy to place over a central box. The Devi is made with a G9 high-voltage fitting, but is delivered without a light source. Choose a traditional G9 halogen spot (max 42W) or an energy-saving dimmable or non-dimmable G9 LED light source. LED or traditional halogen, because there is no transformer in the Devi, this armature light is certainly very simple to dim (with a basic dimmer - not included). The Devi is available in the colours of white, black with inside in matte gold and aluminium.

CARLYN

The correct lighting is crucial for a bathroom. This ceiling light, called Carlyn, was specially designed for safe use in the bathroom. It has two light sources and is compatible with LEDs that radiate extra warm, white light. They are set up opposite each other to bring the light together beautifully in the middle. The stylish glass capsule over the lamps protects the light sources. The square frame made of aluminium is durable and open along the sides to allow the light to radiate into the room. The aluminium square of 25 by 25 centimetres is perfectly suited for modern bathrooms that need that extra something. You can easily mount Carlyn to the ceiling with a mounting plate. It turns off and on with the switch.

BRICE-LED

Are you looking for a high-quality ceiling lamp equipped with the latest LED technology and a timeless design? The Brice LED round from Lucide is absolutely the right choice for your living room, kitchen, hall, or toilet. Let's start with the base of the Brice LED. Every model of the Brice LED series (round or square) is equipped with quality LEDS from the renowned LED manufacturer Epistar. These LEDS have a very high lumen output and provide a fully uniform, warm white light distribution. A big added advantage is that, if desired, the Brice LED can be dimmed perfectly well (dimmer not included). This allows it to always meet the lighting need of the moment. The armature itself of the Brice LED is made from 1 piece of aluminium and is therefore completely seamless. You can see immediately that the Brice LED is really of a higher class than a typical ceiling lamp. Pure simplicity and a beautiful design with superb lighting technology. The Brice LED round is available in Ø 12 - 18 - 24 or 30cm.

TRUDY

Modern in materials, traditional in looks. Trudy is a ceiling lamp specially designed and made for safe use in the bathroom. The three spheres in glass hang on a metal bar that is connected to the ceiling panel. Trudy hangs sturdily from that. This flush ceiling light measures 28 x 28 x 18 centimetres. It thus remains small and cute, but make no mistake: it gives off enough light to hold its own. If desired, you can also connect Trudy to a dimmer.

TYLER

Light in your bathroom must be functional. But who says that light shouldn't set the atmosphere? Or that a light fixture should not look stylish? This ceiling lamp with a retro look will remove any doubts. Tyler is the perfect combination of attractive fumé glass and brass. Moreover, you can easily connect Tyler to a dimmer. The ceiling lamp is designed for long-term and safe use in damp areas such as the bathroom. Not a fan of matte gold? Then go for the version with a black steel ceiling plate.

AVEN

Ceiling spotlight Aven looks like a simple, cylindrical spotlight. Nothing could be further from the truth, since the design has been well thought out. Aven is specially designed for installation and use in bathrooms. The fixture is made of high-quality aluminium, and your spotlight is covered with a separate glass cover. You can thus easily switch the ceiling spotlight on and off, and you don't have to worry about moisture. You can easily connect Aven to a compatible dimmer. You can use a dim-to-warm spotlight bulb in this fixture. That allows you to set the right atmosphere, even in your bathroom, based on an adjustable colour temperature of the light source.

ZIVA

It is important to have enough light in your bathroom, and recessed spotlights are the perfect way to create enough light. But you might want to have a bit of ambiance, too, sometimes, to enjoy a hot bath, for example. In that case, Ziva is the perfect lamp for you. The round design of this recessed spotlight with a diameter of 7.5 centimetres is great for both classic and modern bathrooms. With the dim to warm function, you can simply set the right colour using a compatible dimmer. The light bulb can be adjusted to meet all your demands. Are you looking for some Zen? Turn the dimmer to 2200K and enjoy your hot bath like never before. And of course, Ziva is also at home in your other rooms.

ZARO

Wall spotlight Zaro stands its ground in all weather circumstances. This modern fixture is specifically designed for long-term outdoor use. That it can take a beating is an understatement. Although that does not mean that it looks rough. On the contrary. The rectangular design in high-quality aluminum has a slim look. Inside, the light point is safely shielded. And as befits contemporary lighting, Zaro is compatible with an LED lamp. That completes the picture of your outdoor environment.

VOLANTIS

Illuminate your path wherever you go. Volantis is a cylindrical, contemporary spot that can handle a bump. It shines its light straight down. So hang it under the roof at your front door or garden shed, or install it in your carport. You simply switch it on with a wall switch. Thanks to its aluminium jacket, it is resistant to weather and wind and shines easily all year round. In addition, it is not too conspicuous with a diameter of just under 11 centimetres and just over 15 centimetres in height.

MANAL

Wall spot Manal brightens up the outdoor environment of your home. The cylindrical aluminium spot is sleekly finished, with a subtle touch of fantasy. Instead of a predictable cylinder, the design uses an overlapping section on the upper half. This creates subtle line work and a shield for the integrated LED. An aesthetic and functional choice. Manal is specially designed for long-term and reliable outdoor use. Thanks to the shield, the light source remains free of dust and sand for a clearer view of things.
