Desire

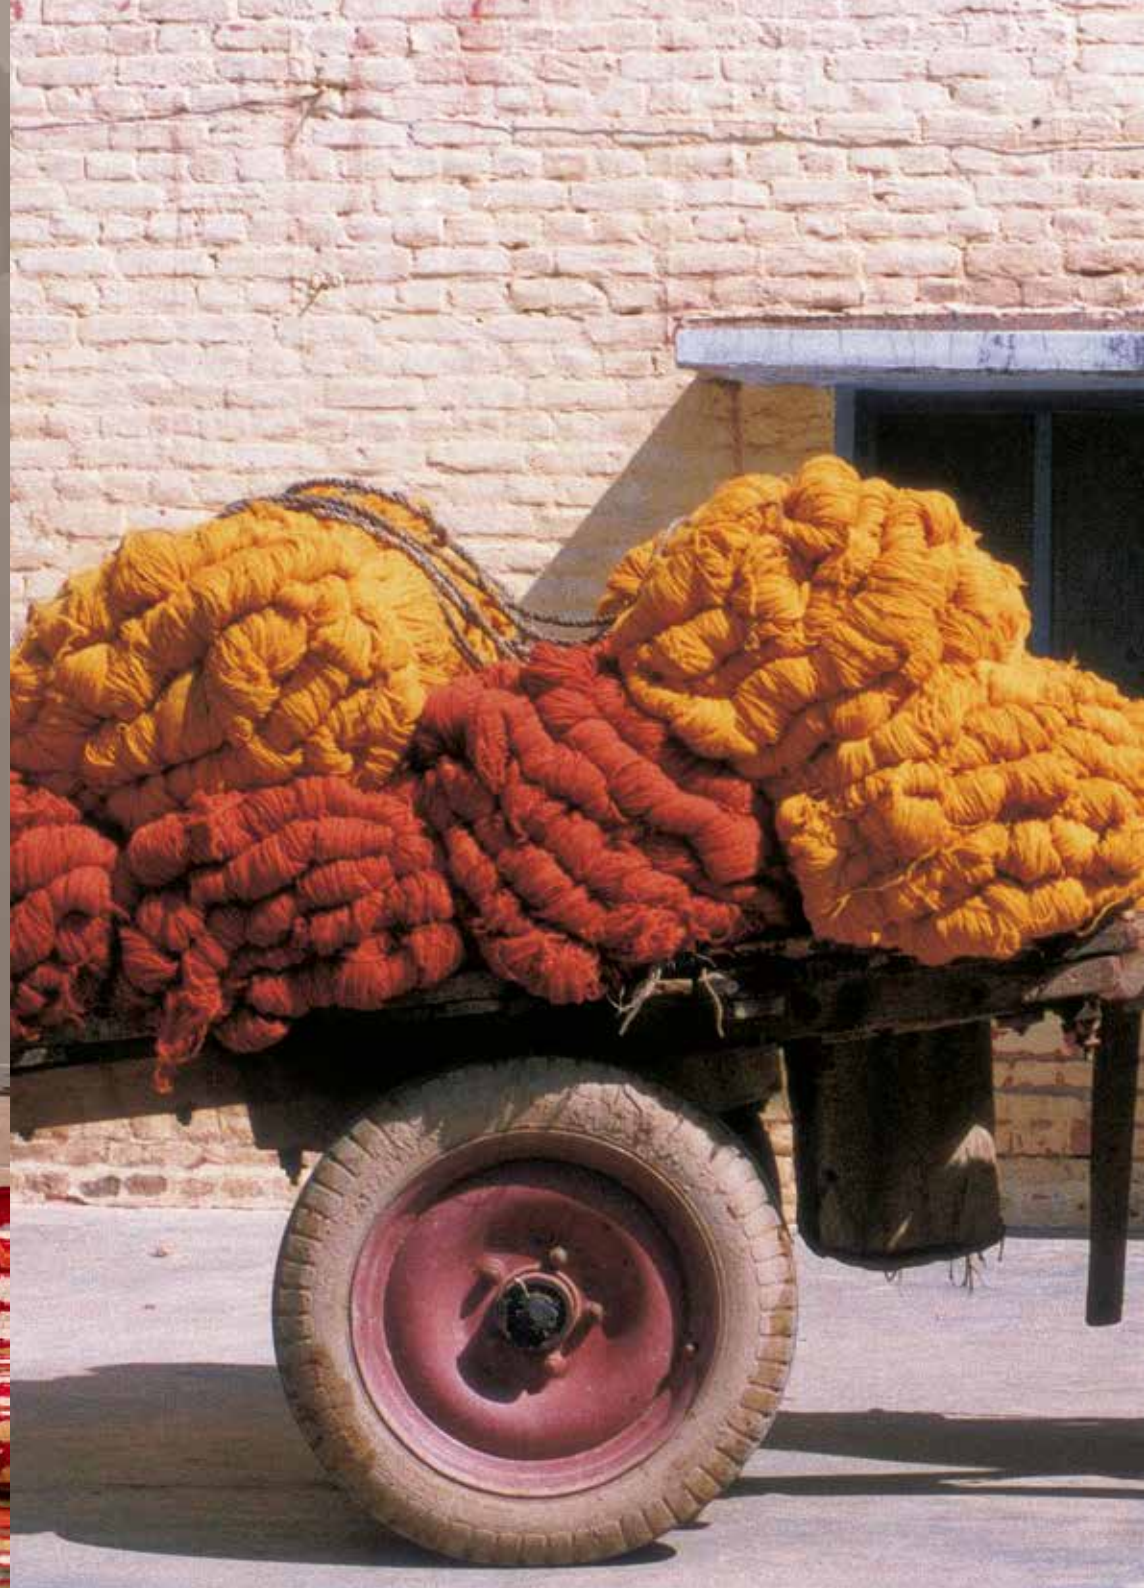

Desire drives us to discover (ourselves)

There is no engine more powerful than desire. Desire lifts us into new realms of imagination and takes us back to our essence. There can be no pleasure without desire; but if your desire is strong enough, it will happen.

We believe in desire and in the power to create it.

Imperfect beauty

We believe in the
authentic and imperfect
beauty of nature.

Without beauty, the world is meaningless. To live
is to seek it. To work is to find it. Beauty is the sign
that a work has found its true nature.

Imperfect beauty is why we perceive the
authenticity of human gesture and of nature.

A photograph of a layered rock cliff face, likely a canyon wall, with a colorful rug laid out on the sandy ground in the foreground. The rug features various patterns and colors, including blue, yellow, and red. The cliff face is composed of distinct horizontal layers of rock, showing signs of erosion and weathering. The sky is visible at the top of the cliff.

Origins

Origins connect us

We embrace the roots that have woven our history and that of everyone who has been a part of it. A glimpse into the future rooted in the ancestral wisdom that shapes our pieces. An inspiration that pulses through the legacy of our forebears and our culture.

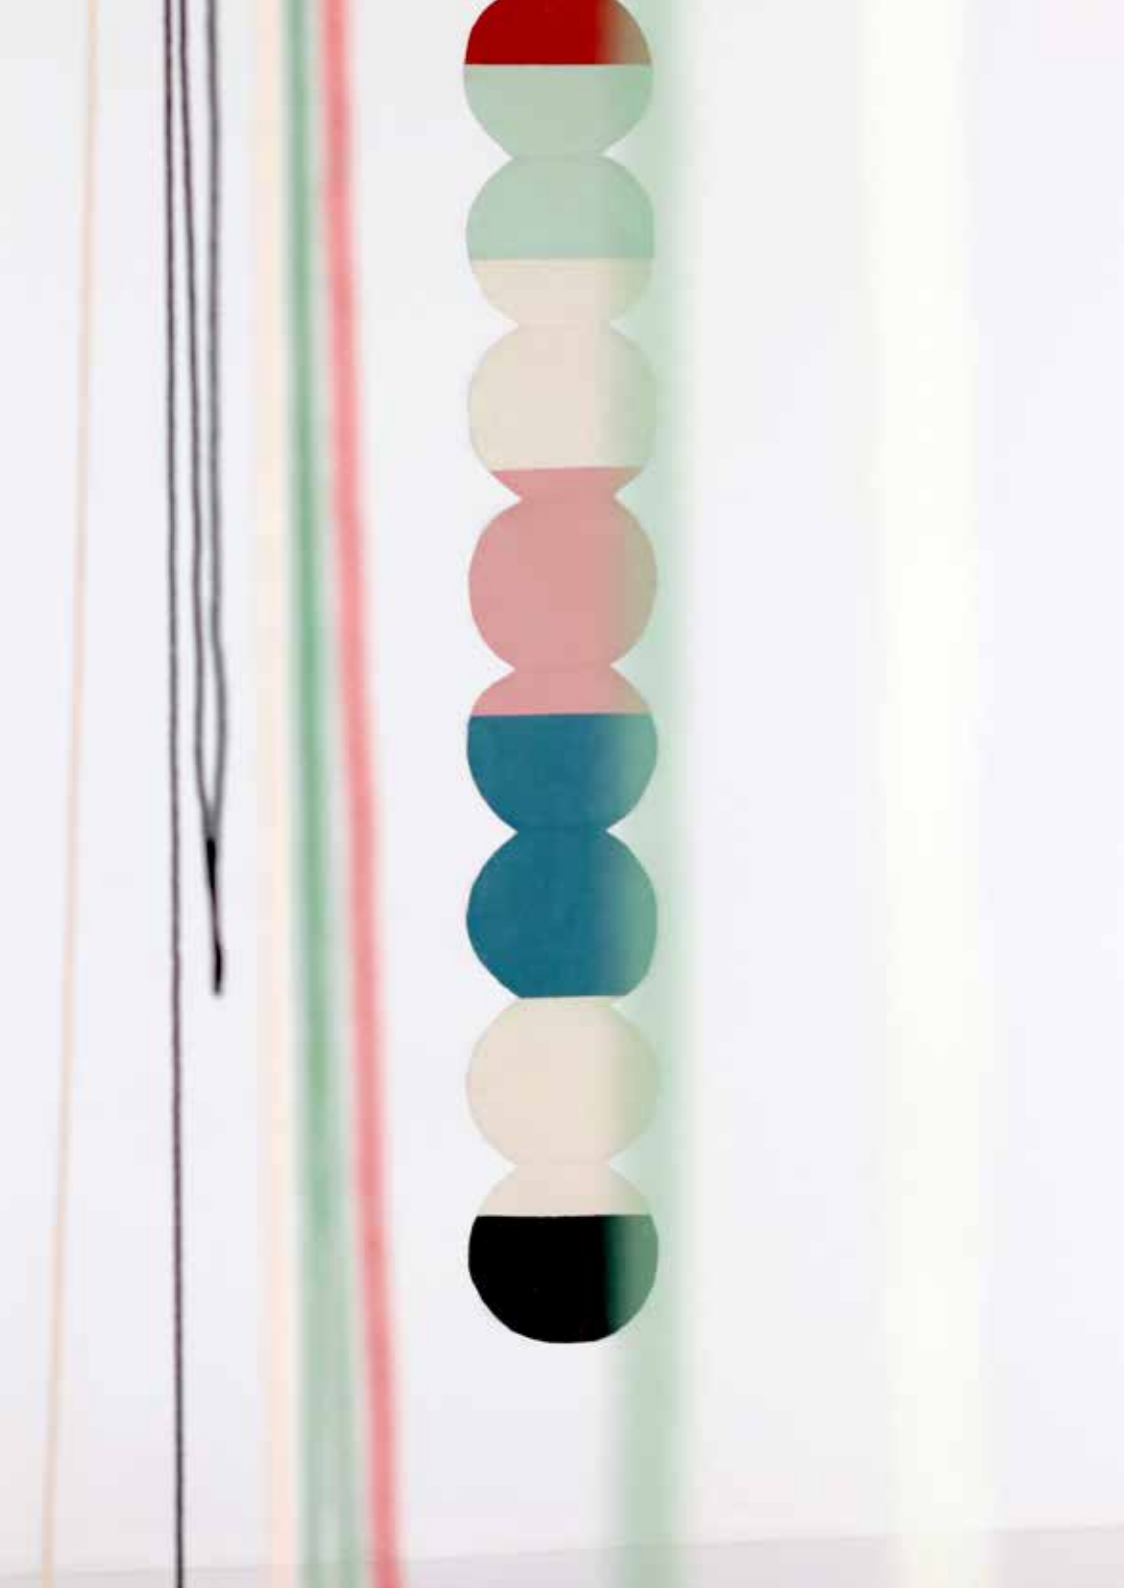

Female perspective

A female perspective
of creativity, business
and life.

We support women in all positions
and at all levels. We believe in the
power of women on all fronts.

Conscious luxury

Luxury must go
hand in hand with
sustainability.

We believe in the enjoyment of the essential
and in the essences of pleasure: gems extracted
from the planet's bounty, transformed into a
treasure for the senses without compromising
its life's pulse.

Indulging one's senses, not one's principles.

Harmonic pleasure

Pleasure is our way of being well

We believe in pleasure as a natural measure of the body. We believe in the pleasure of comfort, harmony and beauty, because the pleasure that springs from them is the most reasonable measure of good things and of the well-being of the senses.

CARE & FAIR®

We take care of the planet

Since 2021, we are a Climate Neutral certified company: we measure, offset and reduce our carbon footprint for a better future. We are also committed to reducing our resource consumption, to preserving the use of natural fibers and to adopting circular economy strategies to reduce our waste, always keeping our products' quality and design at the highest standard.

We take care of our people

Right from the start, we knew that we should aim to improve the living conditions of the artisan community with which we collaborate. We started to collaborate with Care & Fair in 2002 and we took it further in 2008 by fully sponsoring the Amita Vidyalyaya school in Badohi (India). The school accommodates 330 pupils at all five primary levels.
