MATERIALS

50% TO 100% RECYCLED AND UP TO 100% RECYCLABLE

PLASTICS

POLYPROPYLENE • PMMA • ABS

Recycled, recyclable and recoverable
Often mixed with virgin material in order to preserve certain properties such as colours

METAL

ALUMINIUM • STAINLESS STEEL • GALVANISED STEEL

100% recyclable ad infinitum without loss of properties

ALLOY

ALUMINIUM + POLYETHYLENE

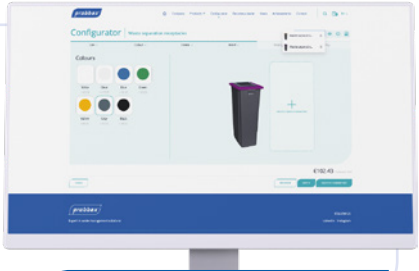

Recycled, retransformable and reusable without loss of properties

CARDBOARD Packaging

Made of recycled and recyclable material, from sustainable FSC forests

Waste management

6-8. Wall-mounted solutions
9-11. Stand alone ashtrays
12-13. Bin + Ashtray combinaisons
14-16. Outdoor selective waste collection

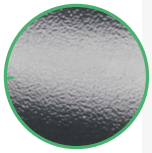

PROBBAX® ADDED VALUE

Probbax® ashtrays solutions to tackle the most common issues

- Rusted parts or screws and peeled off paint staining the walls.

+ **Stainless steel** snuff plate, screws and lock.

- Smooth surface: highly visible marks and scratches.

+ Non marking **textured** surfaces.

- Stagnating rainwater causing dirt and rust.

Sharp edges: potential safety hasard, tearing off of clothes/ uniforms.

+ Rainwater **drains.**

Rounded edges.

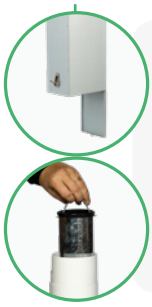

- Long smoke emissions.

+ Integrated **funnels** significantly reduce air supply and thus smoke emissions and the risk of smoke emissions.

- One proprietary key per ashtray = too many keys to carry and manage.

+ **One key fits all** Probbax® ashtrays.

- Complicated to empty: contents falling on the floor.

+ **Inside liners** are time saving, **hygienic**, easy to remove and to empty.

- No spare parts available: one must purchase a full new product everytime a part is damaged.

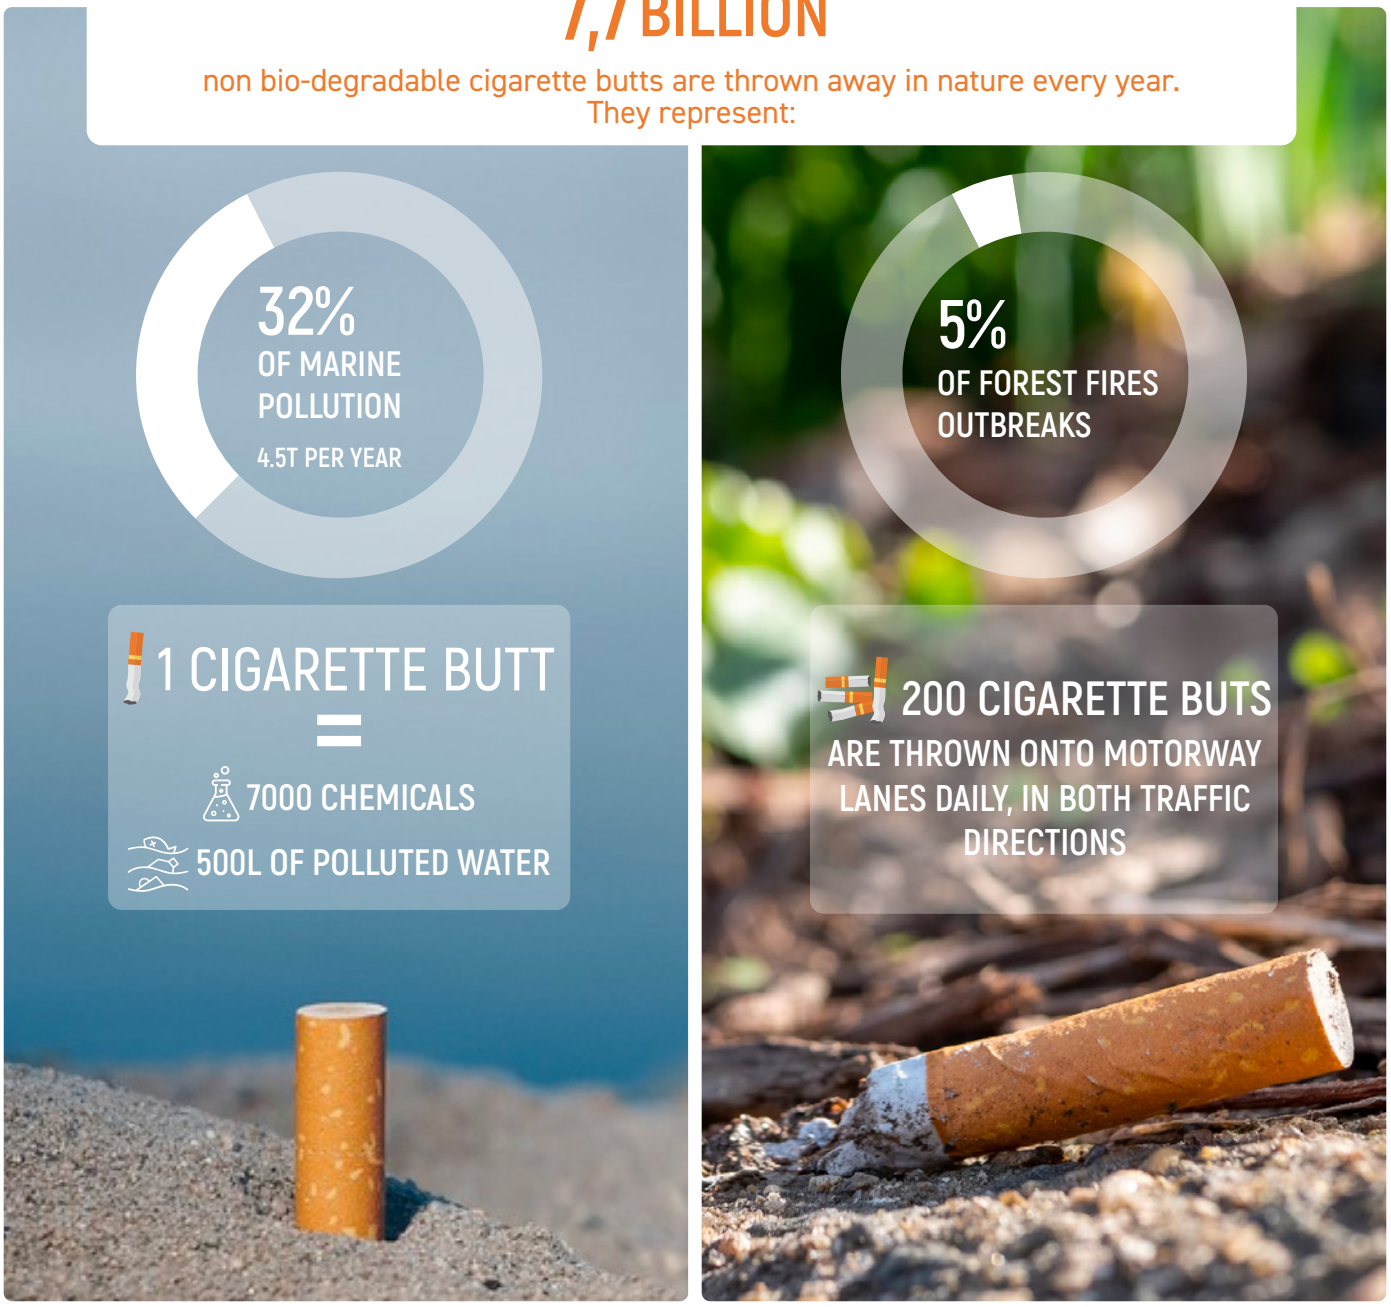

+ Keys, bodies, bases are all available as **spare parts** for an increased product life span.

- No instructions, no hardware resulting in loss of time and extra costs.

+ It's all in the box: Instructions, wall-mounting template, all necessary hardware and key.

7,7 BILLION

non bio-degradable cigarette butts are thrown away in nature every year.
They represent:

Sources : ademe.fr, The Guardian, Préfecture du Var, L'Indépendant.

BEACH ASHTRAY

Polypropylene

Lighweight, heavy-duty, fire and UV resistant

More on this product page 11

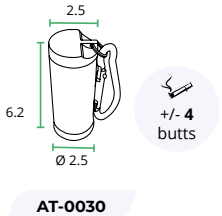

NEW POCKET ASHTRAY

Aluminium

Take it along in the car, in the woods, on the beach, etc.

- Easy to attach to keys, bags or trousers thanks to the snap hook.
- Ideal for disposing of cigarette butts in areas where there are no outdoor ashtrays.
- Holds odours and up to 4 cigarette butts.
- Easy to empty and clean thanks to the unscrewable base.

AT-0030

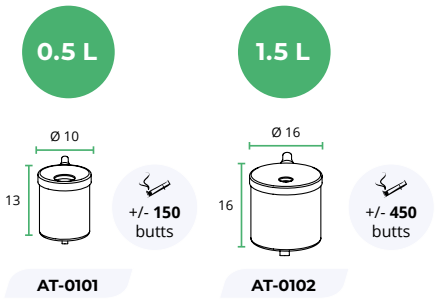

WALL-MOUNTED SOLUTIONS

ROUND Epoxy

Cost-effective solution for collecting cigarette butts.

Ideally suited to protected outdoor environments • Galvanised steel with UV-resistant epoxy coating • Supplied assembled • Wall-mounting kit provided for quick installation.

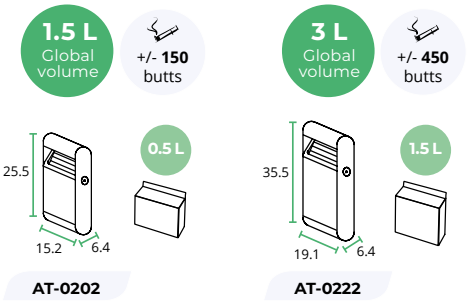

ANTI-VANDALISM Epoxy • Stainless steel 304

Robust solutions for collecting cigarette butts.

Shallow ashtrays with rounded lines • Dark grey versions with anti-UV treatment • Supplied assembled with removable inside liner, locking key, wall-mounting template and screw kit.

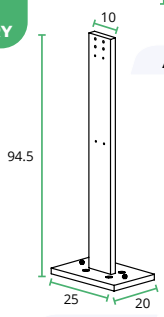

Wall-mounting kit, key and removable liner **included**

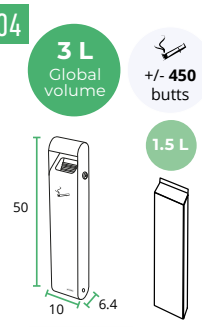

2 IN 1 Epoxy • Stainless steel 304

Wall-mounting kit, key and removable liner **included**

Full kit

AT-0213

UV RESISTANT · HEAVY DUTY · WEATHER RESISTANT

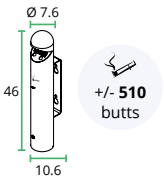

WITH ROOF Stainless steel 304

Ashtray with a timeless design.

All stainless steel ashtray • Roof protects contents from rainwater • Quick and easy to install • Screws, locking key and assembly template included.

1.7 L

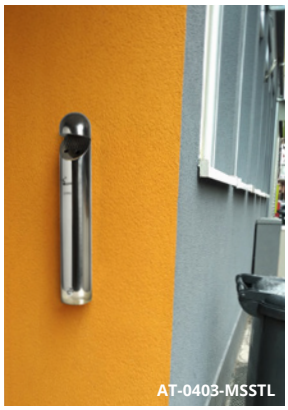

AT-0403

Locked hatch for emptying from underneath

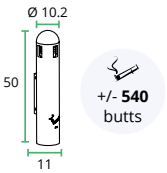

DOME Epoxy • Stainless steel 304

Efficient and discreet wall-mounted ashtrays.

Robust stainless steel construction • Reduces rain infiltration • With interior funnel to quickly smother smoke emissions • Quick and practical wall-mounting with the included hardware and template • Available in 2 finishes.

1.8 L

AT-0291

Easy emptying from the bottom

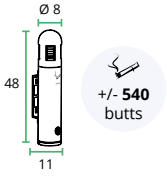

DOME Aluminium

Elegant and suitable for all smoking areas.

Highly resistant to rust • Particularly recommended for use by the sea • Quick and easy to install with the wall-mounting kit and installation template included • Supplied with a key.

1.4 L

AT-0303

Easy emptying from the bottom

NEW

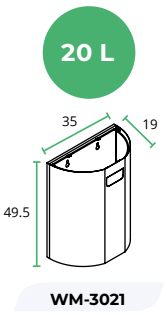

UV RESISTANT · HEAVY DUTY · WEATHER RESISTANT

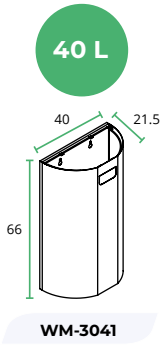

HALF ROUND Epoxy

Under a porch or near an entrance.

Sleek design and rounded edges • For indoor or outdoor installation • UV-resistant coating, bag holder and stainless steel screws • Contact-free waste disposal • Supplied with wall mounting template and stainless steel screws • The bag holder ensures a clean appearance and easy maintenance.

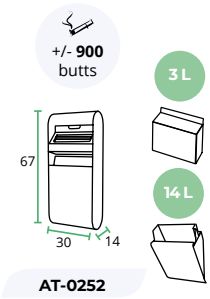

ASH & TRASH Epoxy

Very robust. Small depth but large capacity.

Effective combination for collecting cigarette butts and small waste • Particularly suitable for areas where floor mounting is not permitted • UV-treated epoxy coating • Stainless steel parts and screws • Key, hardware and assembly template included.

STAND ALONE ASHTRAYS

UV RESISTANT · HEAVY DUTY · WEATHER RESISTANT

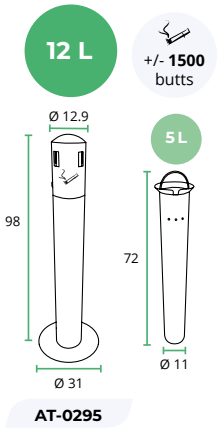

NEW • JULY 2024

DOME XL Epoxy • Stainless steel 304

New high-capacity variant.

With integrated funnel and removable inside liner • Available in 3 finishes: satin stainless steel, grey epoxy or a mix of the two • Floor-mounted • Optional weight.

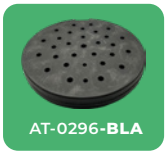

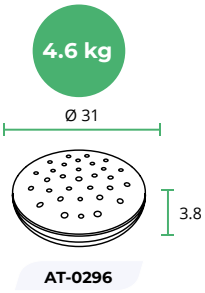

WEIGHT Polypropylene

Optional weight • Compatible with floor mounting.

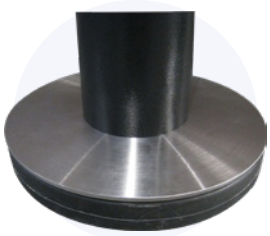

With AT-0295 **-DGRY** or **-DSTL**

With AT-0295 **-SSSTL**

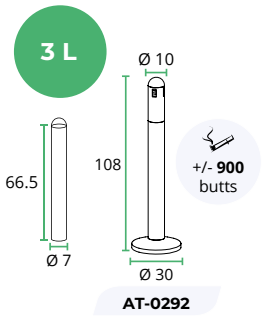

DOME Epoxy • Stainless steel 304

Often used on terraces or at building entrances.

With removable inside liner • Anti-rust and anti-UV coating • Ballasted base • Anti-smoke funnel • 4 access points.

Snuff plate accessible from 4 sides

Removable cover for easy access to the inside liner

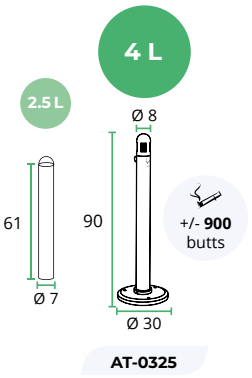

2.5L removable inside liner with handle

Aluminium

2.5L removable inside liner with handle

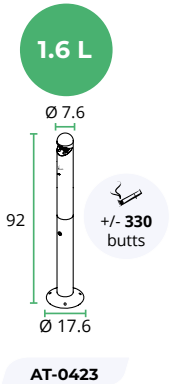

WITH ROOF Stainless steel 304

Contemporary design for a sleek ashtray.

All stainless steel construction • Design with roof to protect contents from rainwater • Weighted lower section • Quick and easy to install • Supplied ready to use with key and ground fixing kit.

Hatch halfway up the upper part of the body for emptying

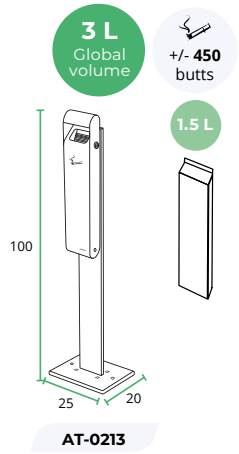

UV RESISTANT · HEAVY DUTY · WEATHER RESISTANT

COMPACT Epoxy/Stainless steel 304 • Epoxy

Compact but effective solution.

Free-standing version of the AT-0212 slim wall-mounted ashtray.
Combination of an ashtray ref. AT-0212 and an AT-0210 post (see page 6) • The base must be fixed to the floor • Floor fixing kit, inner liner and key included.

Easy access to inside liner

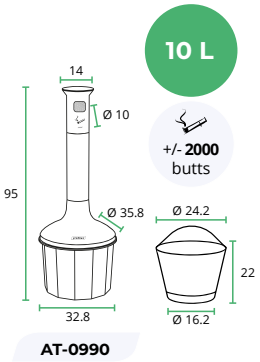

FIREPROOF Polypropylene V2 certification

Ideal for open-air hospitality, seafronts, etc.

Weatherproof, UV and impact resistant • Perennial colour • Supplied with a removable 10-litre galvanised inner bucket • Stainless steel snuff plate • Tool-free assembly for quick and easy installation.

Can also be fixed to the ground to prevent theft

Lockable (lock not included)

Equipped with a removable inner bucket

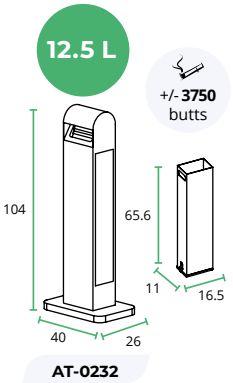

"TOTEM" Epoxy

Recommended for high-traffic areas.

Very sturdy, large-capacity stand alone ashtray · Removable inner liner • Key lock (included) • Made of galvanised steel with anti-UV epoxy coating • Stainless steel snuff plates accessible from both sides of the ashtray • Very stable thanks to its concrete base • Easy to assemble with the included assembly kit and ground fixing kit.

Built-in funnel smothers cigarette butts to prevent long-lasting emissions of smoke

No tilting required to open and empty

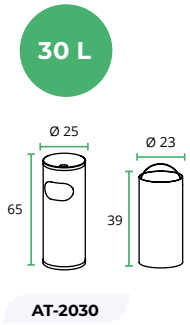

BIN + ASHTRAY COMBINAISONS

CLASSIC Stainless steel 304 • Epoxy

For indoor and covered outdoor sites.

Smooth surface, easy to clean and maintain • Inner bin accessible by lifting the aluminium ashtray.

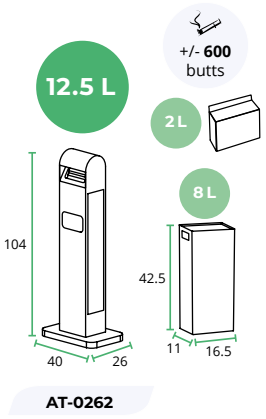

ASHTRAY WITH BIN Epoxy

Compact, very robust combination.

Recommended for high-traffic areas • 2 removable inner liners • Easy emptying from the side of the container (key included) • Galvanised steel with anti-UV epoxy coating • Stainless steel snuff plates are accessible from the front and rear of the ashtray • Ballasted concrete base • Easy to assemble with assembly kit and ground fixing kit included.

PROBBAX

CLASSIC BASKETS Recycled polypropylene

Sturdy and easy to clean, ideal for use at the foot of a desk.

Durable plastic construction, resistant to impact, rust and scratches.

50% RECYCLED MATERIAL

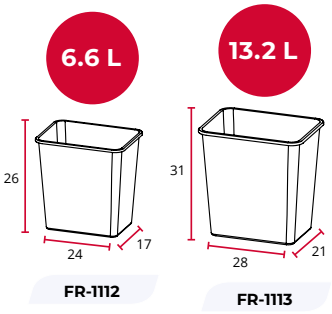

FIRE RESISTENT BASKETS Fireproof polypropylene

Ideal for offices and hotel rooms.

Made from flame-retardant plastic: if the contents catch fire, the bin material will inhibit the spread. Sleek design blends effortlessly into any environment.

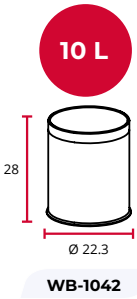

FAUX LEATHER BASKETS Epoxy / PVC

Leatherlike finish for a chic look.

The bottom edge with rubber rim protects the bin from chemicals and the floor from scratches. A stainless steel ring around the top edge also gives this basket an elegant finish.

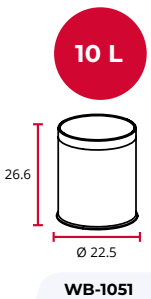

DOUBLE-WALL BASKETS Epoxy • Stainless steel 18/0

A practical and stylish waste bin, very popular with hoteliers.

Unique design conceals the waste bag while keeping it in place. Available in 3 colours and 2 materials, the bin features a rubber ring at the base and a stainless steel ring around the top edge for a neat finish.

Completely conceals the waste bag for a clean, minimalist look

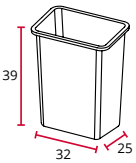

SIMPLE BIN Polypropylene

A simple, lightweight bin.

Versatile light grey plastic bin without lid.

25 L

WB-0125

ECONOMICAL BINS Recycled polypropylene

Cost effective solution for a variety of environments.

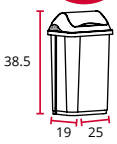

Tilting lid for quick waste disposal. Multi-purpose bins for offices, hotels, campsites, toilets, sports halls, etc. 100% recycled material.

ANTIBACTERIAL Recycled polypropylene

Popular with catering and healthcare professionals for disposing of waste without touching the bin.

This black version of the Probbax® recycled plastic pedal bin is infused throughout with a silver ion agent that inhibits the proliferation of viruses and bacteria. Stable over time, this antimicrobial and antibacterial property does not degrade during cleaning and disinfection operations and is compatible with HACCP protocols.

MIX & MATCH ACCESSORIES

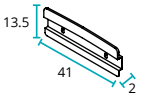

WALL-MOUNTING SET

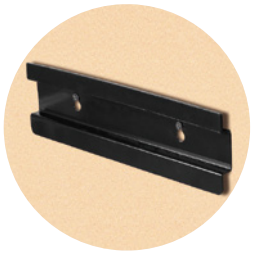

Epoxy

Set composed of a bracket and srews.

All waste separation receptacles and lids are compatible with wall-mounting.

PB-1005-DGRY

See page 20 complete sets of wall-mounted containers with lid and brackets

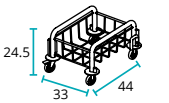

DOLLIES

Polypropylene/Epoxy

Link dollies to create a mobile waste station.

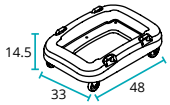

Dollies available in plastic or metal/ Easy transportation of full containers to larger collection points. Fitted with swivel wheels (2 with breaks on PB-1001-BLA). Dollies loading capacity: 80kg.

PB-1001-BLA PB-1002-BLA

PB-1001

PB-1002

CONNECTORS

Stainless steel

Keep the bins in place with connectors.

A set of 2 connectors to link the containers to each other and to securely keep them in place. Connectors are compatible with the use of lids.

LOCKING KIT

Epoxy

Locking system to prevent access to critical waste.

Two-part locking kit to be fitted to the front and rear of the collector. Key AT-0200-KEY included.

Front

Back

DISPLAY PANELS

PMMA • PVC

The displays help to emphasise **sorting instructions** and encourage good practices. Both displays fit an A4 sheet of paper, fit 60L and 80L receptacles and are compatible with the use of lids.

POSTER CONFIGURATOR

Clear instructions for effective sorting at the source: Design and print your A4 posters in just a few clicks on **www.probbax.com**

PB-1009

The hanging display lies on the rim of the container, to the front or to the side

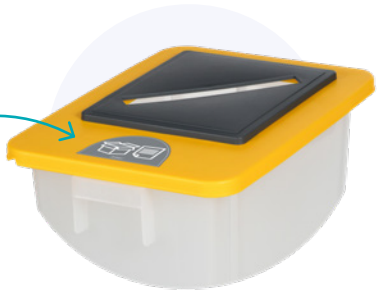

PB-1008

The upright display mounts onto the handle of the container. Mounting kit included.

SORTING STICKERS FOR WASTE SEPARATION RECEPTACLES AND STEP-ON CONTAINERS

Associate a type of waste to a coloured lid of choice. Each bin/lid is delivered with a set of 6 sorting stickers. More details about all stickers available **page 54.**

PEDAL BINS

HANDS FREE · HEAVY DUTY · HACCP COMPLIANT

Polypropylene

Ideal for hands-free refuse disposal.

Probbax® pedal bins enable efficient waste separation in the workplace. 4 sizes of sturdy, easy-to-maintain bins are available in solid or two-tone colours. A pack of 6 selective sorting stickers is supplied with each bin.

ROUND CONTAINERS

Polypropylene

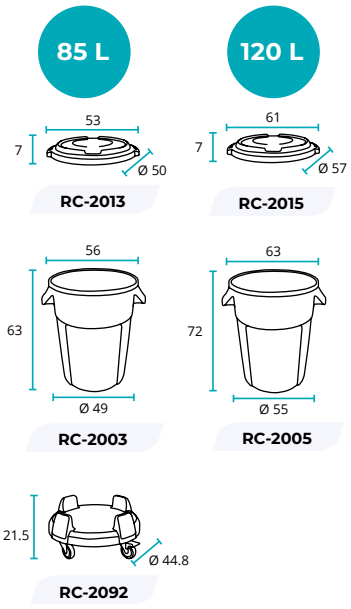

Sturdy, easy-to-move containers.

Solid construction with reinforced edges and base, for indoor or outdoor use. Clip-on lids allow containers to be stacked. Large handles make handling easy and allow containers to be nested without jamming. Lids and wheeled bases are practical accessories to meet every need. Temperature resistance -29°C to +60°C.
